

We are in the middle of a humanitarian global crisis.
It requires a global solution.

MISSION:

Strategically fighting child sex trafficking through education.

'AT GLOBAL E.P. we believe prevention through education is the most effective way to fight human trafficking. We also support the recovery process and help survivors find access to education programs and resources so they can be empowered for themselves. Thank you for your partnership in this fight.'

IMPACT

THE UNITED STATES

- Aided in the extraction of 113 victims. Each child was also placed in safe and trusted aftercare centers.
- Provided funding and resources for trusted rescue teams and collaborated with agencies all over the country

HAITI

- Provided teacher salaries to 5 village schools.
- Installed solar energy on a large school serving 850 students.
- Built a computer/STEM lab and vocational school.
- Provided school uniforms for 350 child survivors.

DOMINICAN REPUBLIC

- Built 2 schools and provided 500 school packs to child survivors.
- Identified 35 victims through medical screening in local villages.
- installed a computer/STEM lab at a local village school.
- Provided meals and medical care to child victims in refugee camps, orphanages, and aftercare centers.
- Aided in the extraction of 14 girls.

BELIZE

- Provided meals to 500 villagers.
- Provided crisis aid to 2 aftercare centers. (food, clothing and financial assistance)
- 1800 school packs provided to child survivors.
- Women's empowerment programs in local villages.

COSTA RICA

- Built a home for girls who have been trafficked.
- Identified 26 victims working with local agencies and organizations.
- Provided after-care and education for 26 child survivors.
